This franchise is for the operation of a business that markets and sells a proprietary line of air purification, water purification, water conditioners, floor care and other products and services that create and maintain allergy friendly, clean and healthy indoor environments for homes and businesses. Our franchisees also perform testing and treatments for indoor environmental containments and perform repair and maintenance services for all of our products and certain products of our competitors. Our franchisees are required to maintain a fixed store location to operate their franchise. Our franchisees accomplish a substantial portion of their sales through in-person marketing and product demonstration.

We currently offer 2 franchise programs – our Standard franchise program (“Standard Program”) and our associate franchise program (“Associate Program”). We also offer qualified franchisees under the Standard Program and Associate Program a right to sell an additional, premium line of products that are marketed and sold under the “Beyond by Aerus” trademark.

The total investment necessary to begin operation of a franchise under the Standard Program is \$37,500 to \$439,690. This includes up to \$330,000 that must be paid to us or our affiliate.

The total investment necessary to begin operation of a franchise under the Associate Program ranges from approximately \$20,000 to \$104,690. This includes up to \$60,000 that must be paid to us or our affiliate.

What You Need To Know About Franchising Generally

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit 4.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.
