You will operate a quick-service restaurant specializing in the sale of hamburgers under Burger King Corporation's distinctive format and operating system, including the BURGER KING® marks.

The total investment necessary to begin operation of a BURGER KING® Restaurant ("Restaurant") is between \$220,000 and \$3,398,600, depending upon the type of Restaurant, in all cases excluding real estate. This includes a franchise fee for each Restaurant of up to \$50,000 that must be paid to us. You may be eligible to sign an Area Development Agreement to develop more than one Restaurant pursuant to a Development Schedule, in which case you will prepay the franchise fee of \$50,000 multiplied by the number of new Restaurants you must develop and have open for business. A portion of this amount is then credited toward the payment of the franchise fee for each Restaurant to be opened under the Area Development Agreement.
