The franchise is a mobile business that offers mold and asbestos inspection, testing and clearance certification services for residential and commercial structures. This is a service-oriented business that performs different types of inspections onsite to identify the presence of mold or asbestos and also collect a variety of samples that are tested by our laboratory, all under the name “IRIS Environmental[®] Laboratories.” The Initial Franchise Fee is \$15,000 with protected rights to operate in a specific area as defined by us. Additional franchises may be available for those franchisees who have bought at least one franchise, at a reduced fee of \$7,500 per Franchise. The total estimated initial investment necessary to begin operation of a IRIS Environmental[®] Laboratories franchise ranges from \$26,300 to \$57,510 which will depend on a number of factors which are further discussed in Item 7. These figures include the Initial Franchise Fee of \$15,000 (as discussed in Item 5) that must be paid to the Franchisor or its affiliate.
