FLOOR & TEXTILE CARE

The franchise offered is for a milliCare Floor & Textile Care business which will provide s, interior finishes and interior furnishings, tile and grout, and related services in commercial, industrial, and office properties.

The total investment necessary to begin operation of a new milliCare franchise is \$118,062 to \$165,262, but it may be lower for an existing business that is already incurring some of the overhead costs required for the initial investment. This includes, for a new franchise, \$30,000 that must be paid to us as an initial franchise fee, \$2,000 that must be paid to us as an initial training fee, and \$38,762 that must be paid to us for a start-up package of equipment and materials.

If you are already a milliCare franchisee and are buying an additional milliCare franchise, the initial franchise fee will be \$25,000; there will not be an initial training fee, and you will not have to buy a start-up package of equipment and materials if your new Marketing Area will be contiguous to your existing Marketing Area. If you are purchasing a milliCare franchise for a secondary market, the initial franchise fee will be \$15,000.
