We are offering franchises to operate a family entertainment and party facility that offers groups a large environment that features games, inflatable and play equipment, food and beverages, and related products and services under the service mark "MONKEY JOE'S."

The total investment necessary to begin operation of a Monkey Joe's franchise is \$455,600 to \$754,150. This includes \$25,000 to \$43,000 that must be paid to the franchisor or its affiliate. You must sign a market development agreement and you must pay a market development fee equal to \$25,000 for each facility that you agree to develop under the market development agreement. The market development fee you pay will be credited against the initial franchise fee for that facility, as long as you develop and open the facility according to your development schedule.
