The franchise offered is for the establishment and operation of a fast casual restaurant offering high-quality hamburgers, other sandwiches, fries, shakes and related food and beverage items under the “MOOYAH®” name and marks. The total investment necessary to begin operation of a MOOYAH® restaurant ranges from \$551,918 to \$715,161. This includes \$40,000 to \$41,000 that must be paid to the franchisor and/or its affiliate.

On your request, the franchisor may also allow you to sign an area development agreement under which you will receive a development area in exchange for committing to acquire multiple franchises (by signing multiple franchise agreements) and to opening a MOOYAH® restaurant under each franchise agreement in accordance with a development schedule. If and when you sign an area development agreement, you must pay the franchisor a development fee of \$25,000 times the number of franchises (less one) that you agree to acquire. While the franchisor and you may agree to deviate from it, the franchisor’s standard area development program requires that you commit to acquiring 3 franchises, in which case the development fee would be \$50,000. The development fee is the only investment you are required to make when signing the area development agreement (but see the 1st paragraph above for a description of the investment under each franchise agreement), and it is paid entirely to the franchisor. You must sign the franchise agreement and pay the initial franchise fee for the first franchise you agree to acquire at the same time you sign the area development agreement. As you sign each subsequent franchise agreement, the franchisor will apply the development fee, in \$25,000 increments, as a credit toward the initial franchise fee due under each such franchise agreement.
