We sell franchises that allow the purchaser to operate a franchise containing multiple chapters within an online and/or in-person business referral network. A franchisee will offer and sell memberships to business owners and tradespeople, through which members receive access to the online network. Members send and receive quality referrals to one another and will pay and receive percentage commission on referrals which result in business revenue.

The total investment necessary to begin operation of a NLX Business is \$12,450 to \$25,245 dependent on the size of the franchise territory. This includes \$12,450 to \$12,745 that must be paid to the franchisor or affiliate.
