Primrose School Franchising SPE, LLC offers franchises for the establishment, development, and operation of facilities operating under the Primrose Schools® mark, which provide learning and educational oriented activities, including child care services, to children from six weeks to twelve years old (each, a “**Facility**”).

The total investment necessary to begin ownership of a Primrose® franchise ranges from \$4,481,400 to \$7,779,000 assuming your real estate affiliate purchases the premises for your Facility (under our Real Estate Development Program). This includes approximately \$140,000 to \$235,500 that must be paid to the franchisor or an affiliate. If you engage a developer or independent third party unaffiliated with you to develop the facility and lease both the real estate and improvements back to you under our Build-to-Suit program, the total investment necessary to begin ownership of a Primrose® franchise ranges from \$651,900 to \$1,404,000. This includes approximately \$110,000 to \$315,500 that must be paid to the franchisor or an affiliate. If you choose to develop the Facility in a building or space leased from an independent third party under our Permanent Lease Program, the total initial investment necessary to begin ownership of a Primrose® franchise ranges from \$3,146,900 to \$4,560,700. This includes approximately \$140,000 to \$360,500 that must be paid to the franchisor or an affiliate. If you have extensive real estate development and construction experience and we permit you to develop the Facility under our Independent Development Program, the total investment necessary to begin ownership of a Primrose® franchise ranges from \$4,451,400 to \$7,734,000. This includes approximately \$110,000 to \$190,500 that must be paid to the franchisor or an affiliate. These different Programs for the development of a Facility are described in more detail in Item 1 of this Disclosure Document.

We may offer you the option to sign an “**Option Addendum**” that will give you the option to develop additional Facilities within a specific geographic area during a specified development period. When you sign the Option Addendum, you must pay us an option fee of \$30,000 for each additional Facility that can be developed under the Option Addendum, and upon exercising each option, you must pay us our then-current initial franchise fee minus the portion of the option fee paid for the option on the Facility.

This Disclosure Document summarizes certain provisions of your Franchise Agreement and other information in plain English. Read this Disclosure Document and all accompanying agreements carefully. You must receive this Disclosure Document at least 14 calendar days
