A Real Property Management franchise permits you to operate a business providing property management services, including the management of maintenance and repair services and rent collection. A Real Property Management franchise is generally granted within a metropolitan area that has a population of more than 100,000 people. However, at our discretion, we may grant a franchise within an isolated metropolitan area that has a population of less than 100,000 people, and for existing franchisees, we may grant additional franchises within an area that has a population of less than 60,000.

The total investment necessary to begin operation of a franchise ranges from \$101,224 to \$154,974. This includes \$55,000 that must be paid to the Franchisor or an affiliate.

This disclosure document summarizes certain provisions of your franchise agreement and other information in plain English. Read this disclosure document and all accompanying agreements carefully. You must receive this disclosure document at least 14 calendar-days before you sign a binding agreement with, or make any payment to, the Franchisor or an affiliate in connection with the proposed franchise sale. **Note, however, that no governmental agency has verified the information contained in this document.**
