To protect you, we have required your Franchisor to give you this information. We have not checked it, and do not know if it is correct. While it includes some information about your contract, do not rely on it alone to understand your contract. Read all of your contract carefully. Buying a franchise is a complicated investment. Take your time to decide. If possible, show your contract and this information to an advisor, like a lawyer or an accountant. If you find anything wrong or anything important that's been left out, you should let us know about it. It may be against the law.

There may also be laws on franchising in your state. Ask your state agencies about them.
